

STATEMENT OF FACT

Statement of Brook Hiddink: Client Community Size

I, Brook Hiddink, founder of High Ticket (BERH Stores & Consulting Inc. - FZCO), make this statement to substantiate a claim used in High Ticket's advertising: the number of students in High Ticket's community. The exhibit is an unaltered copy of the record described, reproduced as captured.

1. High Ticket runs a private online community for its clients, the **High Ticket Roundtable Community**. Every member has purchased a High Ticket program; the lowest-priced membership that includes access is **\$495**, and the community is not open to the public.
2. As of **September 22, 2026**, the High Ticket Roundtable Community had **17,773 members** (Exhibit A).
3. The figure is a count of paying members on the date of this statement. It is not a count of students who have launched a store or made a sale; those figures are in my statement on student results and sales reported by students, and in our Earnings Disclosure at highticket.io/disclaimer-policy.
4. Supported wording: "**over 17,000 students**", "**more than 17,000 people in our community**", and any lower figure. Where advertising refers to the number of students High Ticket has, it refers to this figure. The earlier wording "thousands of students" and "10,000 students" is replaced by this wording.
5. The figure changes over time; if a materially different figure is used in advertising, this statement is re-issued.

Exhibit A. High Ticket Roundtable Community member count, captured September 22, 2026: 17,773

High Ticket Roundtable Community

17773

I confirm that the statements above are true and accurate to the best of my knowledge and belief, and that the exhibits are unaltered copies of the records described, with personal and pricing details blacked out where noted.
