

Statement of Brook Hiddink: Store Revenue, October 2021 to October 2023

I, **Brook Hiddink**, founder of High Ticket (BERH Stores & Consulting Inc. - FZCO), make this statement to document a claim used in High Ticket's advertising: "\$6 million in two years" and "\$5 million in 18 months". The exhibits below are unaltered copies of the records described.

1. Between **October 1, 2021 and October 1, 2023**, the high-ticket online store I owned and operated recorded **\$6,089,291.46 in gross sales**, as shown in the Shopify sales report for that date range (Exhibit A, summary; Exhibit B, the same period broken down by product type, with the same total).
2. Between **October 21, 2021 and April 21, 2023**, an 18-month span within that period, the store recorded **\$5.48 million in gross sales**, as shown in the Shopify sales report for that date range (Exhibit C).
3. These figures are gross sales before advertising, supplier cost, payment-processing fees and refunds.
4. Supported wording: **"\$6 million in two years"**, **"\$5 million in 18 months"**, and any lower figure for the same periods.
5. These are my own historical results from a store I no longer operate. They are not typical and are not a prediction of anyone else's results.

Exhibit A — Shopify sales report, gross sales, October 1, 2021 to October 1, 2023: \$6.08M

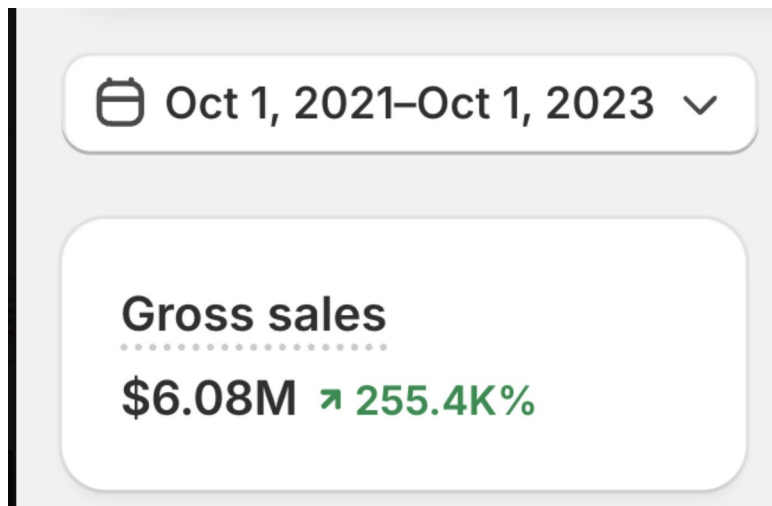

Exhibit B — Shopify sales report, gross sales by product type, same period (total \$6,089,291.46)

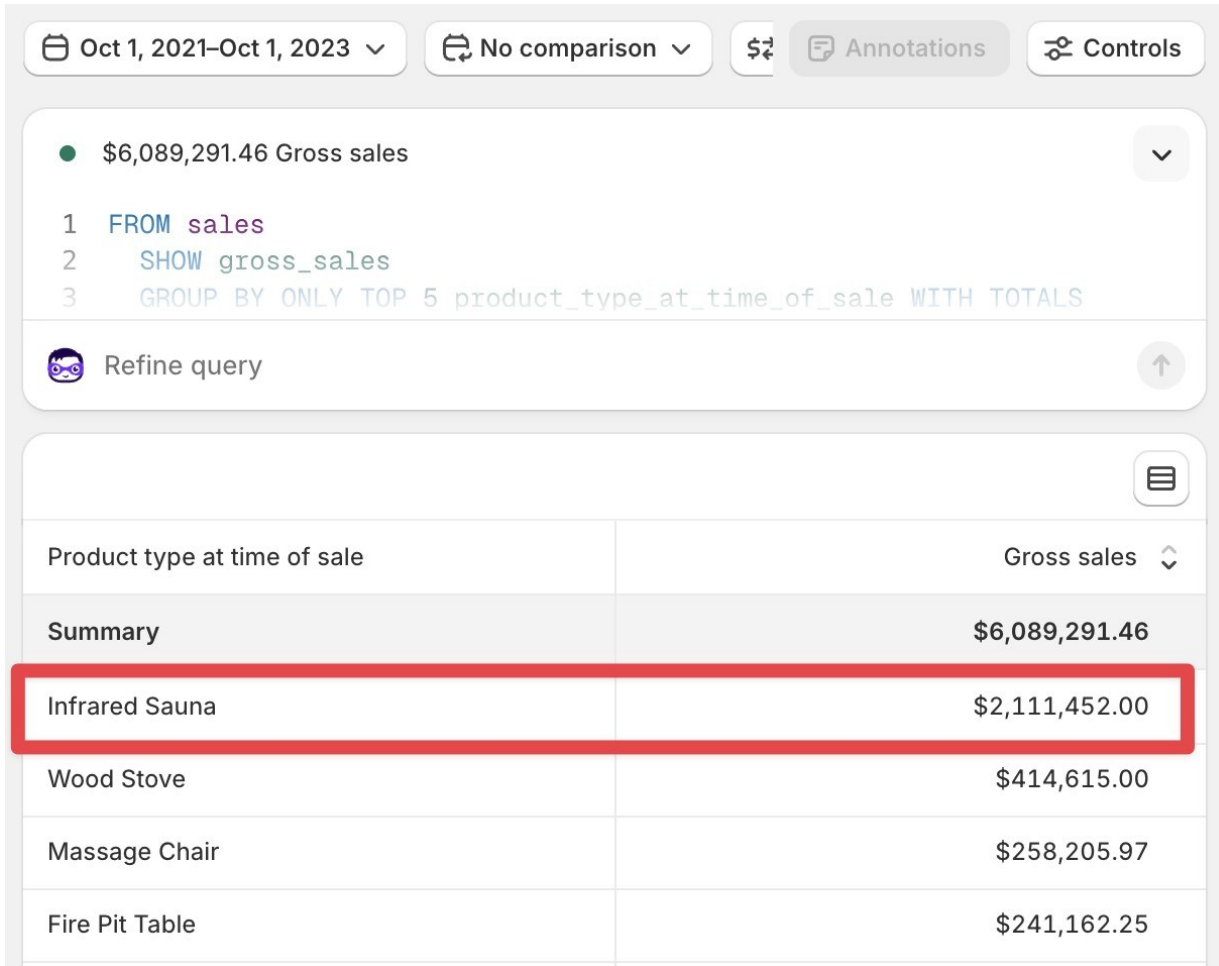

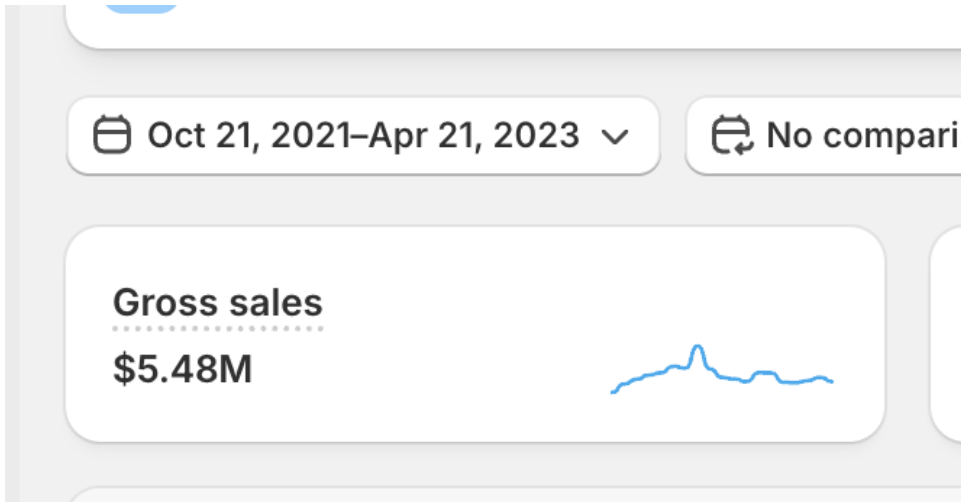

Exhibit C — Shopify sales report, gross sales, October 21, 2021 to April 21, 2023: \$5.48M

I confirm that the statements above are true and accurate to the best of my knowledge and belief, and that the exhibits are unaltered copies of the records described, with personal and pricing details blacked out where noted.
