

Statement of Brook Hiddink: Million-Dollar Months

I, **Brook Hiddink**, founder of High Ticket (BERH Stores & Consulting Inc. - FZCO), make this statement to document a claim used in High Ticket's advertising: "\$1 million a month" and "a \$2.5 million month", cited in the ads as evidence of my experience in online marketing. The exhibits below are unaltered copies of the records described.

1. In **September 2024** (September 1 to 30), the businesses I own and operate generated **\$1,061,385.99** in revenue from online sales, as recorded by our revenue-attribution platform, HYROS (Exhibit A).
2. In **November 2025** (November 1 to 30), the same businesses generated **\$3,833,443.96** (Exhibit B).
3. This revenue was generated through online marketing: paid advertising, email and online sales funnels. Acquiring customers through paid advertising is a large part of what High Ticket teaches, and where our advertising cites these figures, it cites them as evidence of that experience.
4. Both figures are gross revenue as recorded by the platform, before refunds and costs. They are the revenue of the companies I own today; the revenue of the online store I previously ran is documented separately.
5. Supported wording: "**a million-dollar month online (September 2024)**", "**a \$3.8 million month online (November 2025)**", and any lower figure for those months, such as "a \$2.5 million month". Each figure is used with the month it belongs to.
6. These are my own results and are not typical.

Exhibit A — HYROS revenue report, September 1 to 30, 2024, total \$1,061,385.99

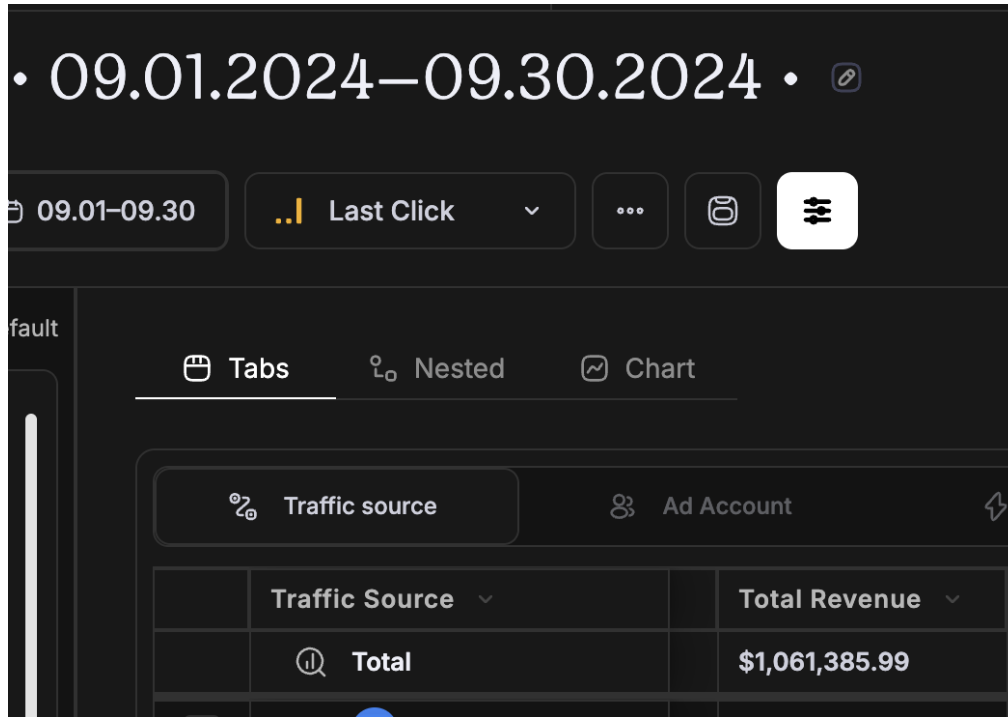

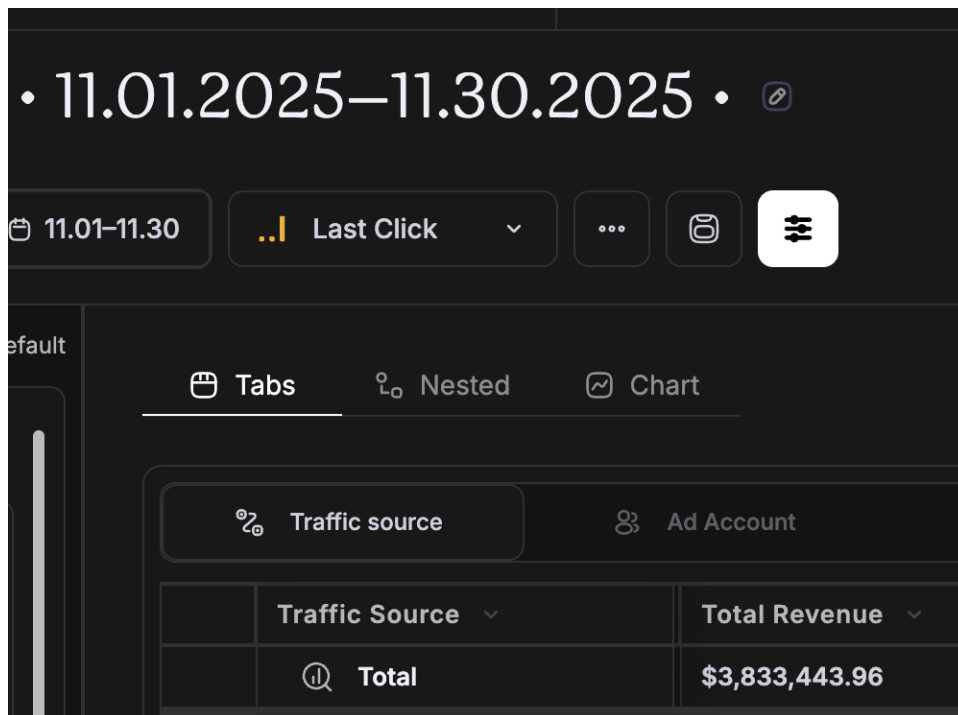

Exhibit B — HYROS revenue report, November 1 to 30, 2025, total \$3,833,443.96

I confirm that the statements above are true and accurate to the best of my knowledge and belief, and that the exhibits are unaltered copies of the records described, with personal and pricing details blacked out where noted.
